

Help Out on State Natural Areas

Quincy Bluff and Wetlands Workday

Help secure seed for new areas! Help restore prairie and oak barrens by collecting native seeds by hand from remnant prairie and barrens areas. We'll learn native prairie plant species together and how to collect their seeds. The seeds collected will be used for prairie restorations. No experience is necessary.

Date: Friday September 26

Time: 9-noon

Directions: TBD, site will be a few miles southwest of Adams, WI. Please RSVP to jared.urban@wisconsin.gov for final directions.

What to wear/bring: Dress for the weather and wear long pants, long sleeves, sturdy shoes, gloves (optional).

Contact: Please RSVP for the workday by contacting Jared Urban at jared.urban@wisconsin.gov or 608-228-4349.
